

Short biography – Winston Beck

Winston Beck is responsible for global government affairs at Heidelberg Materials. He is a recognised public affairs leader and expert on the international climate and circular economy agenda, specifically in relation to the construction, cement and energy sectors. Heidelberg Materials is one of the world's largest integrated manufacturers of building materials and solutions with leading market positions in cement, aggregates, and ready-mixed concrete. The company has the most ambitious sustainability roadmap of its sectors globally and also pioneers large-scale carbon capture solution at its production sites.
